

Muna Hasoon Sauodi

AL-Muthana University

College of science

Department of Chemistry

PhD student

Email:muna2004@mu.edu.iq

Research area: Biochemistry

Education & Publications

M.S in Biochemistry: 2014, Baghdad University, college of science, Department of Chemistry

Publications:

1- Pomegranate peels collected from fresh juice shop as a renewable precursor for high surface area activated carbon with potential application for methylene blue adsorption

January 2018 Desalination and water treatment 124:287-296 DOI: 10.5004/dwt.2018.22725  
Ali H. Jawad, Muna Hasoon Sauodi, Mohd Sufri Mastuli.

2-Cellulose hydrolysis over silica modified with chlorosulphonic acid in one pot synthesis

April 2014 ,Applied Catalysis A General 475:226–234 ,DOI: ,10.1016/j.apcata.2014.01.035

Kasim Mohammed, Hathama Razoooki Hasan, Muna Hasoon Sauodi, Per Morgen

3-A novel method for extraction of cellulose from agricultural & industrial wastes

January 2014 ,Indian Journal of Chemical Technology 9(4):148-153 Hathama Razoooki Hasan

Muna H.Saudi
